UPWARD TREND INDICATED 1940

FARMING INTERESTS IN NAVARRO COUNTY ENJOYED GOOD YEAR

EXCELLENT CROPS PRODUCED WITH PRICES BETTER THAN EXPECTED

By JOHN BUNCH
Daily Sun Staff

Profiting from a diversified program in 1939 the farmers of Navarro county are entering 1940 in the most optimistic frame of mind in years and are planning to continue their efforts to better their condition through improved farming methods.

The farmers made a good cotton crop, an excellent feed crop, raised more and better hogs and cattle than usual and received good prices for their products, in many instances more than was expected earlier in the season. Their income for the year was above the average for the past few years.

Farm Income Up
The county produced over 50,000 bales of cotton which was sold at prices ranging from 8.50 to well over 9 cents for the bulk of the crop. The cotton and seed were valued at \$2,850,000 and in addition the farmers received \$1,585,778.68 in government funds for compliance with the farm program. This brought their total income from these sources alone to \$4,435,778.68 for the year. Added to this thousands of dollars from the sale of cattle, hogs, turkeys, chickens and other farm products and the income for the year will be brought well above the average.

For compliance with the farm program in 1939 the farmers received \$419,185.02 for 1939 partly payments, \$28,504.14 for 1938 conservation payments and \$338,979.06 for 1939 conservation payments. Approximately \$300,000 are yet to be received from the 1939 conservation payments.

Acresage Allotments
Based on acreage allotments for 1940, which are practically the same as in 1939, according to information received from H. C. Robinson, county agent, the farmers of the county can reasonably expect practically the same amount of government aid for the year that was appropriated in 1939. The parity payment rates have not been set for 1940 and will depend to a great extent upon the price of cotton.

Acresage allotments for the county for 1940 call for about 160,000 acres of feed and neutral crops, Mr. Robinson said. It is the use of the feed and neutral crops on which the farmers are concentrating their attention in 1940, Mr. Robinson added. Through the program of diversification the farmers expect to turn these crops into money and most of it is expected to be done through livestock.

Livestock Important
The increase in the importance of livestock raising in this county was reflected in the exhibits at

LIFE BEGAN WELL FOR YOUNG MR. 1940 IN UNITED STATES; WAR AND UNREST ELSEWHERE

By The Associated Press.

Life began for young Mr. 1940 today and he liked it.

For the first half dozen hours of his life the infant year heard nothing but laughter and music; saw nothing but gaiety and merriment. This was in America.

He stumbled around in confusion in Europe—entering the war-torn countries guided only by the flash of cannon. The nighty blackout was a somber setting but there was not much gaiety across the Atlantic.

Americans hit the jackpot of hilarity in the dying hours of 1939 and then spent their enthusiasm for welcoming the New Year and new decade.

Elsewhere, a dolorous heritage of war and unrest around most of the world greeted the newborn year.

Germany and the British-French allies, locked in a titanic struggle now nearly four months old, agreed the year would be a momentous one and vied in predictions of what it would bring.

In the grim cold of the north, Finland reported an entire division of Soviet Russian invaders had been cut to pieces, and girded for continued warfare.

Japan, now in the third year of the undeclared war in China, reported 21 Chinese planes had been shot down in a great aerial battle over Luichow, while Chiang Kai-Shek began the year with an exhortation to nationalists for further vigorous defense.

Civil strife loomed on Ireland's horizon. India's restless millions seethed with demands for independence from Great Britain; Turkey counted her thousands of dead from the natural calamities of earthquake, blizzard and flood; and the world's nations not yet touched by violence trod the paths of peace with trepidation.

BUSINESS CENSUS CORSCIANA TO GET UNDER WAY TUESDAY

DISTRICT SUPERVISOR MAINTAINING HEADQUARTERS THIS CITY

Enumerators will take the field in this district Tuesday for the beginning of the business and manufacturing census under the 1940 census authorized by the United States government. The enumerators, all residents of the district, have been undergoing a course of instruction for the last several days. The population and agriculture census does not begin until April, according to William J. Stringer of Teague, district supervisor, who is maintaining district headquarters here.

The government is undertaking to gather information and then will issue usable and accurate statistics on it. The Bureau of the Census is the only governmental department that can procure authentic information on the various changes of trends and other data.

Applications for the population census can not be considered until the latter part of March when the business census is completed. It was stated. Proprietors, managers, auditors and others authorized to assist in filling out the business schedules are requested to co-operate to the best of their ability so a true picture of the

TACOMA INTERNED FOR DURATION WAR AT MONTEVIDEO

HAD BEEN GIVEN STATUS OF NAVAL VESSEL FOR ACTION IN GRAF SPEE CASE

MONTEVIDEO, Jan. 1. —(P)—Uruguay announced officially today the German steamer Tacoma would be interned here for duration of the war.

The 8,268-ton vessel, ordered to leave port or be interned, anchored in the roadstead yesterday afternoon, and remained there in apparent indecision all night.

Early today, upon the 8 a.m. (local time) deadline set by Uruguay for the departure, the government announced the Tacoma would remain and be interned.

Fifty Uruguayan marines aboard the Uruguayan navy's steamer La Vallesia went out to the Tacoma.

Capt. Hans Know, charged by Uruguay with placing his ship in the category of a barge, was standing by the Admiral Graf Spee when that German pocket battleship was destroyed by its commander, ran up a German naval ensign Sunday afternoon and steamed from the inner harbor as the Admiral Graf Spee had done two weeks previously.

Instead of going on the self-destruction as the warship did, however, the Tacoma, dropped anchor just inside the harbor breakwater.

There had been waterfront reports the Tacoma might go to Buenos Aires, where she might be treated simply as a merchant ship. The Anatolia and the Niemburg, owned by the same company, have been anchored at Buenos Aires since the war began.

Before sailing, the Tacoma disappeared.

Miss Josephine Dillon (above), who likes to be known as a dramatic coach and not as the first Mrs. Clark Gable, will be dramatic coach at Christian college, Columbia, Mo., a rival school of Stephens college, where Maude Adams is dramatic coach.

Violent Deaths For New Year's At High Figure

By The Associated Press

At least 247 persons met violent deaths in the nation over the New Year's week-end holiday.

Traffic accidents accounted for most of the fatalities in 41 states and the District of Columbia. Other causes included fire, shooting, stabbing, falls and gas.

California led the states with 24 dead, 13 of them in traffic accidents.

The deaths by states: Alabama 1; Arizona 3; Arkansas 4; California 24; Colorado 4; Connecticut 6; Delaware 2; District of Columbia 1; Florida 3; Georgia 4; Illinois 12; Indiana 5; Kansas 1; Kentucky 6; Louisiana 6; Maine 1; Maryland 3; Massachusetts 3; Michigan 14; Minnesota 4; Missouri 11; Montana 1; Nebraska 1; New Hampshire 1; New Jersey 5; New Mexico 1; New York 12; North Carolina 5; Ohio 9; Oklahoma 5; Oregon 4; Pennsylvania 19; South Carolina 2; South Dakota 1; Tennessee 11; Texas 13; Utah 2; Virginia 3; Wisconsin 1; Wyoming 4.

BRITISH FIGHTING PLANE BRINGS DOWN GERMAN INVADER

GERMAN PLANES ALSO DROP SOME BOMBS OVER SHETLAND ISLANDS

LONDON, Jan. 1. —(P)—A British fighting plane was officially reported today to have shot down a German bomber over the Shetland Islands.

Some bombs were reported to have been dropped over the Shetlands, north of Scotland, but no damage was done.

The ministry announced that a fighter of the British coastal command brought down the German plane in the North Sea fight.

Air Attack Repulsed.
BERLIN, Jan. 1. —(P)—The German high command announced today an attempted aerial attack on Germany's North coast was beaten off yesterday afternoon.

Sub Sinks British Trawler

LONDON, Jan. 1. —(P)—The sinking of the British trawler Barbara Robertson off North Scotland was disclosed today with the landing of survivors, who said a German submarine sent their ship down.

Twenty Lost on British Steamer

LONDON, Jan. 1. —(P)—The British steamer Box Hill, 5,677 tons, sank in the North Sea yesterday following an explosion which was believed to have resulted in the loss of 20 members of the crew.

Twelve surviving members of the crew of 32 landed at a British port today.

They said the Box Hill sank so quickly there was no time to launch lifeboats.

Britain to Increase Army
LONDON, Jan. 1. —(P)—In the expectation of intensified land warfare, informed sources today foresaw possible increase of the British army to 2,500,000 men.

A Royal proclamation expected

See BRITISH, Page 9

Eight American Merchant Ships Sold to Norway

WASHINGTON, Jan. 1. —(P)—Eight American merchant ships will be transferred to a Norwegian corporation, the maritime commission having approved the sale a month after administration refusal to let the vessels fly the flag of Panama.

The ships—The President Harding, American Trader, American Merchant, American Farmer, American Banker, American Traveler, American Shipper and the United States Lines. They will ply under Norwegian ownership, the North Atlantic route from which they were barred by America's neutrality law.

RUSSIAN FORCE OF 15,000 SHATTERED BY FINNISH TROOPS

MOP-UP PATROLS HUNTING DOWN REMNANT OF SOVIETS IN LAKE REGION

HELSINKI, Jan. 1. —(P)—The destruction of another Russian column and continued pursuit of the shattered 163rd Division of the Red Army were reported today by the Finnish high command.

"Our troops destroyed an enemy column of 12 cars," said the communique, describing an action near Salla on the northern central front, above the Arctic Circle.

In the Suomussalmi sector, some 160 miles to the south, the Finns continued their chase of the 163rd Division of some 15,000, which yesterday's communique reported "definitely cut up, and for the most part destroyed."

Further war material was collected in this sector to be added to huge quantities already taken.

The high command said Russian planes flew over the Norwegian frontier in the Petsamo, or northernmost, fighting zone, and dropped two bombs on Norwegian territory.

It was officially announced that Turkey (Abu) was heavily bombed today but there were no reports of casualties or damage.

Like hunters, the Finns trailed their panicky quarry through snow and forests of the Lake Kizil area country ready to fight it out or take prisoners in surrender.

The Finnish high command reported the "great victory" last night after a two-day battle in which the enemy's 163rd division was definitely cut up and for the most part destroyed.

"Remnants of the division were partly scattered in the forest and partly fleeing, pursued by our troops, toward Junturanta, x x x. The enemy losses can be counted in the thousands."

Junturanta lies about 27 miles northeast of Suomussalmi in the middle eastern front and is less than five miles from the Russian border. Conceivably, Finnish patrols might cross the frontier there in pursuit of the 163rd survivors.

Finland rejoiced over the out-

Sun Carrier Boy Flags Passenger Train to Save Car

Warnell "Buddy" Osborne, 15, route carrier for the Corsicana Daily Sun did some fast thinking Saturday afternoon when his "open air, stripped down T-model" suddenly became obstinate on the main line of the Cotton Belt west of Corsicana.

Loaded with the afternoon issue of the Sun the "T-model" decided to stop on the railroad tracks.

"Buddy" gave the vehicle the works but no response. Then to make the situation more interesting the fast passenger train on the Cotton Belt due in Corsicana at 4:40 p. m., came into sight.

What a spot. The "T-model" stuck on the right-of-way and the passenger train roaring down.

However, "Buddy" never lost his nerve. He jumped from the car headed straight for the train waving his hat.

Yep, you guessed it, "Buddy" flagged the train—saved his "T-model"—and delivered his route on schedule.

Engineer Sam J. Taylor congratulated Buddy on his presence of mind saying "that boy is plenty smart."

Big German Liner St. Louis Reaches Home Port Safely

BERLIN, Jan. 1. —(P)—The official news agency announced that the 18,732-ton German liner St. Louis had slipped through the British naval blockade and reached home harbor today after an absence of seven months.

The announcement by the DNE said the St. Louis was the fifth important passenger ship of the Hamburg American Line North Atlantic service to return to Germany since the war began.

It was stated that the liner came in under command of its captain Gustav Schroeder. It did not disclose her homeward route, last port of call or whether she was protected by a convoy.

(The liners Bremen and New York were other ships of the same line which had safely returned through the allied blockade. They had taken refuge temporarily at Murmansk, Russian Arctic port).

DEMOCRATIC INVITATION FOR GOP LEADERS TO BREAK BREAD WITH THEM RATHER PERPLEXING

By W. F. RAGSDALE

WASHINGTON, Jan. 1. —(P)—The democratic invitation to republican congressional leaders to break bread and tradition with them at the Jackson Day dinner next Monday is a phase of developing party strategy which perplexes administration enemies.

It may be regarded as a new sign of a democratic intent to pull public attention back to foreign affairs and hold it there. Like a bright new ball in a heap of last year's toys, it catches the eye.

Enough mystery surrounds the invitation to make it mind boggling. The public debt, taxes, the farm problem and unemployment are passed over in a flurry of speculation.

A bit of recent political history throws some light on the underlying motives. Democrats were troubled when congress came in last January. Looking at the angry men who returned from the factional battles of 1939, one astute democrat said:

U. S. TRUCKS AWAIT SHIPMENT TO ALLIED FORCES

These are part of the 2,500 American-made trucks which were jammed into the foreign trade zone on Staten Island along with a total of \$18,500,000 worth of materials for shipments to England and France. All available space on a five-pier area was filled and two more piers were wanted for the "free port."

STEADY IMPROVEMENT ALL LINES BUSINESS EXPECTED THIS CITY

IMPRESSIVE GAINS ANTICIPATED FOR 1940 BY LOCAL MERCHANTS

By CHARLTON GUNTER
Daily Sun Staff

Corsicana business men are facing the new year of 1940 confident of a steady if not spectacular improvement in conditions and volume of trade according to a survey made recently.

Because this section is primarily dependent upon agriculture, hopes of some economists for impressive business gains during the new year through revival and expansion of industrial activities have been largely discounted in advance and the main benefits expected in this section are from improved prices for farm products resulting from the larger earning power of workers in manufacturing centers.

Perhaps the most accurate picture of business in Corsicana during the past year can be secured from the total bank bills as reported by officials of the clearing house association. Representing the debts against customers accounts, the totals give definite view of the volume of commercial activity. Totals for 1939 were \$39,730,000 compared with \$38,174,000 for 1938, or an increase of over a million and a half dollars in favor of the past year a percentage of 2.45.

Holiday Buying
Figures for the final week of the year, which included the major buying days of the holiday season, were \$744,000 compared with \$672,000 for the corresponding week of 1938. Surprisingly enough, the next to the last week of the year, December 15-20, showed a larger total than the final week with \$875,000.

The totals for the year failed, however, to total the sum of \$40,971,000 amassed in 1937, but did surpass the totals for 1938.

A majority of merchants in all lines reported a satisfactory holiday business in particular and a new high for private construction totals in recent years in 1939 with a total of \$1,711,613 which was composed almost entirely of permits for new residences or modernizations in 1938. It must be recalled the larger total included permits for a new \$48,000 addition to the

FARM LEADERS OF ADMINISTRATION IN NEW TAX EFFORTS

WANT CONGRESSIONAL APPROVAL OF PROGRAM TO FINANCE CROP CONTROL

WASHINGTON, Jan. 1. —(P)—Administration farm leaders are preparing to do a lot of talking about "industry's protective tariff" in their efforts to win congressional approval of a tax to help finance crop control payments to farmers.

They call their new "farmers' incentive certificate program" the counterpart of tariffs which protect industrial goods from lower-priced foreign competition.

The certificate program is proposed to replace payments out of treasury funds for farmers who comply with the federal agricultural act. It is encountering opposition from some quarters both in and out of congress.

Under such a program, producers of specified crops would receive certificates from the government which processors and other crop purchasers would have to buy. The certificates would be valued at the difference between

NEW GRAND JURY IS EMPANELLED MONDAY IN DISTRICT COURT

JUDGE WAYNE R. HOWELL EXPLAINS HOW JURY COMMISSION OPERATES

After declaring there was little major crime in Navarro county at the present time and prefacing his charge with the statement that he would refrain his remarks so that nothing said could be construed as political in nature, Judge Wayne R. Howell Monday morning empaneled the January term grand jury.

The jurors organized and recessed until Feb. 8.

Judge Howell spent a considerable portion of the time used in his charge to the jury with an explanation of how a jury commission worked in selecting grand and petit jury lists, the particular oath administered, etc. He declared many people have a misconception of how the grand jury is selected and that many believe the district judge dictates whom are selected. The Court asserted that while the forefathers that fashioned the government did not ride in planes or listen to radios, they were fundamentally sound and set out by law the oath of a jury commission and prescribed the requisites of a jury commissioner. A jury commissioner must be a freeholder and have no litigation pending in the court. The district judge administers the oath to the commission and upon secret deliberations are held with no person having the right to attempt to influence the selection of any grand or petit juror.

Jury Lists.
Judge Howell outlined the procedure of bringing in the lists by the commission to the district judge in open court with the envelopes sealed under the commission's signatures, and the oath administered the district clerk and

Aggies Defeated Tulane By Single Point—14 to 13

NEW ORLEANS, Jan. 1. —(P)—Behind the battering power of Jarrin John Kimbrough, the Texas Aggies today stopped Tulane 14 to 13 before 73,000 frenzied Sugar Bowl fans who saw Tulane leading for a short time in the final period 13 to 7.

Final in the Orange Bowl at Miami, Missouri 7, Georgia Tech 21.

Tear Gas Ineffective
FORT WAYNE, Ind., Jan. 1. —(P)—Burglars who broke into the Gracill Grain and Milling Co. office last night set loose tear gas intended to protect the property, but it didn't make them cry.

They opened windows and stood by while the room cleared. Then they blew the safe.

TALE OF STRANGERS SHOOTING PARENTS RELATED BY CHILD

BODIES OKLAHOMA COUPLE AND ANOTHER CHILD FOUND IN RUINS OF HOME

FORT TOWSON, Okla., Jan. 1. —(P)—A frightened, drowsy little boy's story that two strangers shot his father and mother, then burned the house down on them and his small brother prompted an intensive investigation today.

Excited and shocked, 8-year-old James Glenn Rogers stuck to his tale of terror. He was questioned by officials studying the deaths last night of Mr. and Mrs. Elmer Rogers and their 4-year-old son, Dean.

County Attorney Norman Horton said "the physical facts point to violence of some kind."

Guided by flashlights and the flickering rays of a big wood fire, coroner's jurors scratched about the ruins of the three-room farmhouse at the very hour the rest of the world was celebrating the New Year.

They examined the charred corpses laid out a few feet from where Uncle Joe White, 70-year-old justice of the peace, convened his eerie court, shadowed by heavy timbers and a black sky in penetrating cold.

Uncle Joe himself married the couple nine years ago. He was to hear the verdict in their deaths later today.

"It was about bedtime," James told Horton, that two men he hadn't seen before knocked at the house.

"Right away they came in and

See FIRE DEATHS, Page 3

STRIP OF NO MAN'S LAND MAY BE WORTH SOMETHING OKLAHOMA LONG AFTER TAKEN FROM STATE

By JOHN OWEN

OKLAHOMA CITY, Jan. 1. —(P)—No Man's Land—that 150-mile silver sliver shaved from Oklahoma's western border by the Federal Reserve Bank of Dallas, released to the U. S. Supreme Court handed it to Texas.

The state land board has claims to that amount against 5,221 acres on which it made loans before the state line was lifted eastward.

Charles B. Steele, board secretary, said today after a conference with Texas officials at Austin that his own investigation gave him the opinion there was no question of Oklahoma's right to sue to obtain judgments.

However, he added, he was studying legal questions as to whether it could foreclose on the land itself.

The slice the supreme court took from the state in 1930 after a re-survey disclosed it had been erroneously included in Oklahoma's borders is less than a mile wide at its southern base and narrows to about an eighth of a mile at the Oklahoma-Panhandle line.

Twenty-one tracts are involved in the loans.

"Whether the mortgages were invalidated or not by the decision the debt wasn't," Steele contends. "The borrowers are still liable under their notes."

The 21 loans are on land in Rogers Mills, Harmon, Ellis and Beckham counties. Nine of the borrowers are still paying.

That wasn't the only financial question confronting the land board when Texas won back the area.

The board had issued 55 certificates of purchase on 8,800 acres it had sold. Fourteen remained

See NO MAN'S LAND, Page 3

DEPARTMENT STORES BUSINESS FAILS TO PACE FORMER YEARS

EMPLOYMENT AND PAYROLLS, HOWEVER, WERE HIGHER THAN YEAR AGO

DALLAS, Jan. 1. —(P)—The business of department stores in the principal cities of the eleventh district declined by less than the average seasonal amount from October to November, says the monthly business review of the Federal Reserve Bank of Dallas, released today. Regardless, sales were about two per cent lower than in the corresponding month of 1938.

On a seasonally adjusted basis, consumer spending at retail stores in September and November averaged 103 per cent of the 1923-1925 average. This figure, says the review, is the same as that recorded for the corresponding period of 1938, but six points lower than in that period of 1937. Preliminary reports indicated that Christmas trade at reporting firms the first two weeks of December compared favorably with that in the corresponding periods of 1938.

The Federal Reserve Bank's seasonally adjusted index of department store stocks rose sharply during the past four months, increasing from 88 per cent of the 1923-25 average in July to 72 per cent in November. Although the

CORSIANA, TEX., JAN. 2, 1940

DEFLATED WARSHIPS

When all's said about the dramatic end of the Graf Spee, it looks as if the famous "pocket battleships" have been deflated. In spite of the heavy guns of that class, the two remaining examples might be classed, for practical purposes, as cruisers rather than battleships.

The Spee did not stand the punishment that a battleships should and would stand. Its supposedly adequate tower-control for the eleven-inch guns was put out of commission by a six or eight-inch shell. Its sides were punctured repeatedly near the water line by similar small shells. So it was worsted by enemy craft which, though three to one numerically, had altogether less gun-power and could throw much less metal than the German craft.

Two important results appear from that adventure. First, the British can boast of a victory which they needed for their own morale. Second, there may be no more warships of that type built.

SQUARE DEAL FOR UNCLE

Our "Good Neighbor Policy" with regard to Latin-America is admirable, and doubtless necessary, but expensive. The trouble is that so many of our Latin-American friends seem to regard their great and good friend Uncle Sam as an easy mark. It may be a bit tactless to bring up such matters just now, when it's all han'-across-the-isthmus and hemispheric buddies and so on, but it's also just as well to keep the record straight.

Our determined friendliness and tolerance toward Mexico is probably wiser than the greed and cruelty that we have practiced in some past decades, but we pay a price for it. Our investors paid in defaulted bonds when the Mexican government took over the railways, and have been paying lately through confiscation of oil properties and various other industries. In some cases, no doubt, our investors and operators in Mexico have been rapacious, but also in a great many cases innocent Americans investing in good faith have been robbed.

Then there is the international loan account. Our people have lost no less than \$1,200,000,000 of invested money by default of South and Central American governments. And this sort of thing seems to continue even during the new era of good feeling and happy co-operation. Our especially good friend Brazil, recently given \$70,000,000 of new credits in token of a new deal and prompt payment, seems to be simply adding the new debts to the old.

The Latin-American states are cooperating finely in the plans to save this hemisphere for Americans and keep out the European war, but Uncle Sam as usual is paying nearly all the bills and taking the big responsibility for a protection which primarily benefits the other countries.

Now is Uncle Sam himself going to get a square deal, or isn't he?

The tallest war story so far tells of the nine Finns who, after five days without sleep, stumbled back to headquarters for more ammunition and reported killing 700 Russians. And dog-gone it, we haven't got the nerve to disbelieve 'em.

JUST FOLKS

(Copyright 1937, Edgar A. Guest)

DOUBLE-LOYALTY.

I'm for the fellow who works with their hands.
And I'm for the fellows who pay them.
I'm for the captains who give the commands,
And I'm for the boys who obey them.
Since everything here has a two-sided plan,
I'm for the owner and I'm for the man.

I'm for the fellow who toll in the mills,
And I'm for the fellows who hoas 'em.
I'm for the man and the place that he fills,
That the roots and the branches which blossom.
Hatred is something I wish I could ban,
I'm for the owner and I'm for the man.

I'm for the apples and I'm for the tree,
I'm for the roots and the pink-tinted roses.
A golfer—I'm both for the cup and the tee,
Either one banished the royal God help the cause when the cap-tains won't stay,
God help the cause when the men run away.

I'm for the fellows who toll in the mills,
And I'm for the fellows who hoas 'em.
I'm for the man and the place that he fills,
That the roots and the branches which blossom.
Hatred is something I wish I could ban,
I'm for the owner and I'm for the man.

THE LOVABLE STALIN

Among the many strange incidents in Comrade Stalin's birthday celebration was this statement in Pravda, official organ of the Communist Party in Russia:

"The metal worker of Detroit, the shipyard worker of Sydney, the woman weaver of Shanghai, the seaman of Marseilles and the Indian peasant on the bank of the Ganges, all of them speak of Stalin with affection."

Do they? If so, why leave out the Finns, who must be deeply impressed with Stalin's benevolence. And how about the Russian peasants, of whom Stalin starved 5,000,000 to death a few years ago by confiscating their crops, to teach them a lesson? And the tens of thousands of Russian patriots killed in the purges of the last three years? Don't their relatives and friends love the dictator?

LAND OF PEACE.

Well, it won't be long now till we're getting broadcasts from the Antarctic. And surprisingly enough, the prospect begins to seem attractive, in spite of mental reservations about the weather they have down there. By "they" we naturally mean the explorers and penguins, the only forms of life prevailing in that region.

The wind, as we seem to recall, is rather terrible, but otherwise it's a great, white, clean silence. No Maginot or Siegfried lines, no airplanes raining bombs, no sinking ships, no good men settling down to the primal ooze of the sea. And no daily record of bloodshed, disaster and hate, no picture of a civilization using the gains of a million years to destroy itself.

It will be a relief to get away from all this now and then on a magic carpet, and dwell for a few minutes in a clean, unhuman, uncivilized and unspoiled land.

According to W. Winchell, J. P. Morgan, regularly dons overalls and works in his garden. O. K. but we'll bet those overalls are tailor-made.

With all this ideological muckraking, maybe we Americans will soon be so thoroughly warned about each other that we can quit and go on from there.

Readers are entitled to one guess as to what nation has done most for civilization in the year 1940. And done it, too, in three weeks.

Now people who think Shakespeare didn't write his plays are proving it by the discovery that his portraits were painted over somebody else's.

The Nazis can't make England mad by sinking their own ships.

"FIRST LINE OF DEFENSE"

EDUCATOR DECLARES U. S. PUBLIC SCHOOL SYSTEM UNAMERICAN

SYRACUSE, N. Y., Dec. 29.—(AP)—Dr. Mark A. May, director of the Institute of Human Relations, Yale University, criticized the American public school system today as "undemocratic and un-American."

He told a joint meeting of New York state science teachers and school principals American schools also are "dangerous because they encourage 'social satisfaction such as has existed in England for centuries.'"

"Until recently," he said, "high schools were thought of as providing college preparatory education for the privileged few. And America's liberal arts colleges were shaped according to educational patterns borrowed from aristocratic England, of all places!"

"Higher education in America has long suffered from the fact that it has tried to operate in the framework of an educational system designed to fit an aristocracy where the elite did not have to work."

Dr. May said the "greatest achievement of the fourth decade of the twentieth century" was the fact that "we have awakened to this situation and are trying to correct it."

"The irony of the situation is that we revolted against England and broke away from her system of higher education which has all but wrecked our democratic social structure."

Gongs and Comings Of Fairfield Folk And Their Visitors

FAIRFIELD, Dec. 30.—(Spl.)—Misses Barbara and Elizabeth Watson of Dallas visited relatives here during the holidays.

Tas Watson, Jr., of Stephenville is visiting his parents, Mr. and Mrs. Tas Watson.

Mr. and Mrs. Guy Childs of Houston visited Mr. Childs' parents, Mr. and Mrs. L. Childs during the holidays.

Miss May Friddle is spending the week at Grapeland.

E. G. Miles of Fort Worth spent the week-end here with his parents, Mr. and Mrs. E. G. Miles.

Miss Emma Louise Steward of Denton is spending the week with her parents, Mr. and Mrs. Roger Steward.

Mrs. Rae McDonald is visiting relatives in Missouri.

Kenneth Eubank of Nacogdoches is spending the holidays here with his parents, Mr. and Mrs. Henry Eubank.

Chains Purchase 131 Millions In Texas Products

AUSTIN, Dec. 29.—Chain stores spent \$131,000,000 a year for the output of Texas manufacturers and producers and "would like to double it" as the State's industrial expansion program was announced today.

C. B. Roberts of Dallas, Sears, Roebuck and Company executive and president of the Texas Chain Stores Association, aligned that organization with industrial expansion plans in a close-of-1939 letter to Governor Dan Moody.

O'Daniel for reference to his projected industrial committee for Texas when its personnel is appointed by the Governor and a chairman designated by the stores' cooperation with home industry was proposed in the same vein as help-the-farmer work that have been conducting to meet emergencies caused by overproduction and crop surplus conditions developing from time to time in various lines of agriculture.

"In this closing week of the year 1939," C. B. Roberts wrote, "we note with interest that the manufacturing payrolls are ten and a fraction per cent greater in this state than a year ago and the more Texas is earning their own way because of this industrial progress."

Personal Mention Of Kerens People

KERENS, Dec. 29.—(Spl.)—Mrs. Stella Weedin had with her for the Christmas holiday season and children, Miss Mary Frances Weedin of Hemphill and Mr. and Mrs. Frank Weedin of San Antonio.

Miss Adelaide Young of Southland, came to Kerens to spend the Christmas vacation with her mother Mrs. Minnie Young and sister, Mrs. Jennie Campbell.

Mr. and Mrs. Luther Boswell and family were guests at the home of Mrs. O. K. Kimes on Christmas day for the family dining.

Mr. and Mrs. W. S. Price had with them over the week end their sons, W. S. Price, Jr., of Gustine, Ebbesen Price and Waco and their wives and children.

Mr. and Mrs. Charles Cullum of Dallas, were Monday guests in the home of the latter's parents, Mr. and Mrs. G. M. Chapman.

Mr. and Mrs. Jere Daniel and daughter, Mary Jane, and son, Jere, Jr., of A. and M. College, were guests of their mother and grandmother Mrs. Bige Tinkle of Corsicana on both Christmas eve and Christmas day.

Mr. and Mrs. H. A. Quate have returned from Waxahachie where they spent the holidays with relatives and friends.

Mr. and Mrs. Earl Seale spent the week-end here.

Bryan are visiting relatives here. Mr. and Mrs. R. L. Bradley and daughter, Mr. and Mrs. J. M. Bradley and children of Weatherford and Mr. and Mrs. Malcolm Walker of McKinney spent Christmas here with Mr. and Mrs. R. H. Bradley.

J. H. Harding of Austin, Ralph Harding of Arlington, Carl Day of Houston and Aubrey Day of Dallas visited Mrs. J. H. Harding last week.

Miss Erma Benbrook of Fulshear is visiting her parents, Judge and Mrs. Benbrook.

Mrs. C. L. Willford and children, Harriette and Graham and Mary Alva Bound of Houston visited in Kerens Sunday.

Mr. and Mrs. Ramon Kirgan spent Friday and Saturday in Henderson.

CAPT. L. D. HIXSON DIED IN ALABAMA; NATIVE OF NAVARRO

Funeral services were held Saturday at Opelousas, La., for Capt. Lewis D. Hixson, aged 45 years, who died Thursday at Fort McClellan, Ala.

He was born at Corsicana, Tex., Sept. 25, 1894 and graduated from Corsicana High school in 1912. He began his military career as a private in the World War, entering the service Sept. 19, 1917.

His permanent station was at Fort Thomas, Ky., from which post he was ordered to Fort Meade, Md., on Nov. 6 in connection with the concentration of Army units for field training.

Surviving are his wife, Mrs. Bessie E. Hixson of Opelousas, La., and two daughters, Miss Evelyn M. Hixson and Mrs. Eli E. Daman, wife of Lieut. Eli E. Daman, United States Army.

Kerens Speech Class Presented Thursday

KERENS, Dec. 30.—(Spl.)—Parents and pupils of the speech class of Mrs. J. C. Roe of Corsicana, were guests at a student recital on Thursday evening at 8 o'clock, at the home of Kerens.

Following are the pupils presented, each giving a group of readings: Laurelle Fite, Mary Frances Hoffer, Liane Paschal, Patricia Newsome and Joan Smith.

Mrs. Cook of the Cook school of expression and dance, was also present, and presented two of her pupils at this time, Miss Jean Westbrook and Miss Shirley Taylor. Special numbers on the program were:

"The Man With the Mandolin" by Laurelle Fite and Mary Frances Hoffer.
Piano Solo: "Silent Night"—Patricia Newsome.
Playlet: "How Girls Study"—Patricia Newsome and Joan Smith.

Concluding number was a selected reading by Mrs. Roe. Gifts were distributed from a well-filled tree to each child.

Monday in Dallas, Mrs. Seale returned over for a few days with her parents, Mr. and Mrs. W. A. Fullwood.

Mr. and Mrs. Clifton Seale had as their Sunday guests, Mr. and Mrs. Roy Montgomery of Houston and Mr. and Mrs. Walter Camp of Thornton.

Mr. and Mrs. M. R. Albritton had with them for the Christmas season, all their children, including Mr. and Mrs. Kelly Albritton and daughter, Joyce, Gail Albritton of Waco, and Reed and Posey Albritton, sons of the home.

Miss Laurette McClung, who is taking a business course in one of the Dallas colleges, is home for the holidays with her parents, Mr. and Mrs. Earl McClung.

Ford Seale and daughters Virginia and Patricia of Denton, and Emma, Gene, student of TSCW Monday returned to their home Monday afternoon, after a several day visit with their mother and grandmother, Mrs. Nettie Seale and family.

Mr. and Mrs. Charles Chappell and daughters, Betty Jane and Peggy of Pittsburgh, and Mr. and Mrs. Harry Cason and daughter Mary Ann of Port Arthur, are with their mother and grandmother, Mrs. C. P. Barlow this week.

Friends of Mr. and Mrs. Walter Coates of Hope, N. M., who have been with Mrs. Winnie Smith for the past few weeks for the benefit of Mrs. Coates' health, will be glad to know her condition is somewhat improved.

PARKER ANNOUNCES CANDIDATES; GIVES OTHER INFORMATION

DEMOCRATS WILL WIN PRESIDENCY AGAIN, HE SAYS, IF STRONG MAN NAMED

(EDITOR'S NOTE: Just at the beginning of each year that is marked with elections and political campaigns, W. T. Parker, well known Corsicanan, comes out with predictions as to candidates for office and information that is of interest and value to the voters.)

This year Mr. Parker makes no exception to his long-time rule and herewith we present his information and prognostications for the 1940 national, state, county and precinct political races.)

To the Corsicana Daily Sun and Semi-Weekly Light:

Salutatory to 1940.
Eighty-two years is a long time to live, yet at nearly that age I am still fairly sound in mind and think that I am still young in activity.

My first interest in political affairs was in 1872 when Greely ran against Grant for president. Grant got 286 electoral votes, Greely none. I am still ready to go to bat for the great ball game for 1940. We nominate or elect this year for every position from precinct chairman to the presidency of the United States. The National Democratic prospects are sure if we nominate a strong man.

The republican party will very likely nominate Senator Taft of Ohio, who is their strongest man. The great kaleidoscope of butchery, murder, and destruction threatening the very civilization of the world, may yet bring us in, too. If that happens there is nothing left but to draft Roosevelt as the democratic standard bearer for 1940.

In state politics, W. Lee O'Daniel will run and Thompson, Sadler and Co., will wind up as also rans. In the county we have the cleanest set of officers, precinct, county and district, of any county in the state. This year we have two sets of precinct, county and state conventions, two primary elections and also a general election. The first game is called and continued as follows:

Jan. 31—Last day to pay your poll tax. You must have both city and county poll tax receipts or you can not vote in a primary election if you live in any city that assesses a poll tax.

May 4—Precinct conventions to select delegates to county convention.

May 7—County convention meets to select delegates to state convention.

May 28—State convention meets to select delegates to the national convention. That will nominate a democratic candidate for president and vice-president.

June 3—State candidates must file with the state chairman.

June 3—District candidates must file with the district chairman.

June 10—State executive committee meets to certify names of state candidates to county chairman and to select a place to hold the state convention.

June 15—Last day to get name on the ballot for county and precinct offices.

June 17—County executive committee meets to place names on the official ballot and to assess each candidate to get his name on the ballot.

June 24—Last day to pay the assessment to get name on the official ballot.

June and July—See your county chairman and the county clerk as to time to file your expense accounts.

July 27—Primary election day.

July 27—Precinct conventions will be held to select county convention delegates.

Aug. 3—County convention meets to select delegates to state convention.

Aug. 3—County executive committee meets to canvass the returns of primary election.

Aug. 13—State convention meets to declare the results of the primary election.

Aug. 24—Second primary election day.

Aug. 31—County executive committee meets to canvass returns of second primary election.

Nov. 5—National general election day.

As to state candidates, as far as I can find out at this time, only Governor W. Lee O'Daniel and Commissioner of Agriculture McDonald have opposition.

As to United States Senator Tom Connally (who is big enough to be president of the United States) will have no opposition.

As to precinct candidates, except precinct No. 1 and the county commissioners, I can not get the information I want as to them.

The slate is about as follows:

For congressman, sixth district—Luther A. Johnson.

For representative, 58th district—N. S. Crawford.

For representative, 60th district—Doyle Favehouse.

For state senator—J. E. Taylor, Julian P. Greer.

For district judge, 13th district—Wayne Howell.

For district attorney, 13th district—Charles Banister.

For district clerk, 13th district—Walter Caldwell.

For county judge—Paul Miller, Garland Anderson, Donald Marr, Chris Knox, J. D. McCormick.

For tax collector and assessor—Miss Hattie Blake, S. B. Daniels, Andrew Steel, W. R. Smith, James Pugh, W. G. Jenkins.

For county clerk—Miss Lida Reed.

For sheriff—Cap Curington.

For county treasurer—Blind Daniels.

For county surveyor—William Elliot.

For county chairman—J. D. Carroll.

For county commissioner, precinct No. 1—Jack Megarity, Wade

Smith, Jim Taylor, Pink Hayes, Wesley Edson.
For county commissioner, precinct 2—C. M. Fitzgerald.
For county commissioner, precinct 3—C. O. Slaughter.
For county commissioner, precinct No. 4—J. N. George.
For constable, precinct 1—Clarence Powell, O. O. Pickering, Tom Roe, A. Masse.
For justice of the peace, precinct No. 1, place 1—E. Foster.
For justice of the peace, place 2—Pat Geraughty.
I will at this time extend my appreciation to the Corsicana Daily Sun and Semi-Weekly Light for the courtesies extended to me in the many years that I was a member and as chairman of the Navarro County Democratic Executive Committee, and for the democracy of this county. I must thank those publications for giving all space and paying all telephone charges in getting the full returns of all elections to the voters in this section of Texas. My last extent to everybody the Yuletide greetings and to the Great Master of the universe, I thank for the peace we have in this grand and glorious nation of ours and if it is His will I will be with you again in 1942.
Very truly, your servant,
W. T. PARKER.

Dinner in Honor of Bride-Elect Held Kerens Wednesday

KERENS, Dec. 29.—(Spl.)—Mr. and Mrs. J. E. Inmon and daughters, Eddie Vera, Agnes and Mrs. James Wright, entertained with a Christmas dinner Wednesday, Dec. 27, in honor of their daughter and sister, Pearl, who became the bride of Eugene McKendricks of Laredo at 10 a. m. Thursday morning at the Catholic church in

Corsicana.

The table, laid in white linen, was centered with a crystal bowl of red radiance roses, flanked by either side with red candles in three-branch candelabra. A delectable three-course dinner was served to members of the two immediate families, including Mr. and Mrs. W. H. McKendricks of Laredo, parents of the bride; the bridegroom-to-be; J. B. Miller of San Antonio, and Philip McKee of Laredo, who was best man at the wedding.

PRESIDENT AND HIS DIPLOMATS PREPARE FOR PEACE TROUBLE

**BELIEVED UNITED STATES TO
FACE CRITICAL TIMES WHEN
WARS END**

By LLOYD LEHRBAS
WASHINGTON, Jan. 1.—(AP)—While occupied with questions arising from European and Asiatic wars, President Roosevelt and American diplomats already are drafting policies to meet the critical days ahead when peace is expected to create even greater problems.

Many American officials with their fingers on the world's feverish pulse believe that whoever wins, the eventual peace treaties ending the three current wars will require the United States to face "troubles" worse than the war in international relations and in finance and trade.

In a New Year's statement, Secretary of State Hull said that the possibility is not excluded that nations may turn to peaceful ways within the coming year.

Major problems on both Atlantic and Pacific horizons, bound to give Secretary Hull and his aides many full-worn days, center on: 1. Preventing the United States from becoming embroiled in war despite foreign propaganda, untoward incidents, violations of American rights, and public sympathies.

2. Preparing for peace in Europe and Asia through policies designed to soften the impact of war's depression on the nations on American industry, agriculture and commerce.

If the opportune moment arrives, the United States, the Vatican and possibly Italy may form a peace bloc which would initiate overtures to end the major European war.

Relations with South and Central American republics, based on the "good neighbor" policy, have been strengthened since the start of the European war by unified action in defending American neutrality.

Negotiations concerning Mexico's expropriation of American oil properties, one of the few important Latin American problems to be settled, are expected to bear fruit in the immediate future.

GRAND JURY

(Continued From Page One)
his deputies that they will not be open until the lawful time.

Judge Howell re-read the oath of secrecy administered the grand jurors for emphasis.

The attention of the investigators were directed to gambling and bawdy houses as required by law. "Both evils have plagued the human race since time immemorial," Judge Howell declared, and then advised the grand jury to use their own discretion and best judgment in the matters and said that if the probes feel conditions warrant, return indictments.

Drunk Driving.
A special charge was given on drunken driving by Judge Howell after asserting this was important because it deals with human life. He referred to the fact that approximately half of the automobiles of the world are driven by persons who are under the influence of alcohol.

United States—26,000,000, and the only protection the people have are the penalties put about this useful vehicle for those driving while under intoxicating influence and other causes.

After declaring that Navarro county was one of the five "black counties" in 1933, Judge Howell referred to a reduction of ten in auto fatalities in 1939. He thanked the officials including the Texas Highway Patrol and the newspapers for their large contribution toward mounding public opinion that had "saved ten lives" in 1939. The court then stated that no person indicted for driving a car while intoxicated had escaped punishment, all either pleading guilty or being convicted by a jury. He referred to the broad latitude allowed under the statutes.

Law Enforcement.
"In the last analysis, however, law enforcement is a solidified public opinion," Judge Howell declared, and then credited the improved traffic conditions as reflecting the sentiment of Navarro county citizens with being responsible for juries returning convictions when conditions warrant, rather than to the efforts of any one individual or officer.

Credit To People.
"The credit for good government goes to the people under our system of government," Judge Howell continued.

Guy M. Gibson of Corsicana was appointed foreman by Judge Howell. Other members are J. H. Sullivan, Corsicana, assistant secretary; C. A. Willis, Dawson; Earl Easterling, Chatfield; R. B. Thompson, Frost; W. T. Carter, Richmond; J. O. Sessions, Kerens; C. O. Weaver, Dawson; F. M. Copeland, Purdon; J. K. Bradley, Rice; and J. M. Manning, Emhouse.

Door balliff is W. J. (Jinks) Bryant of Corsicana while riding balliffs are George B. Jones of Corsicana and J. H. McMullen of Chatfield.

NO MAN'S LAND

(Continued From Page One)
unpaid but the balance was not large and the state couldn't lose much on them, Steele said.

However, under procedure Texas is expected to follow it appears the 14 could pay their balances and reinstate any right they had under Oklahoma laws. Steele added, That presumably would be giving them certain benefits of Texas statutes.

"Whether any of the 14 would choose to pay the state remains to be seen."

"The main thing is salvaging the 21 loans," Steele said. Oklahoma lost its tax rights when the land was transferred and Texas is not imposing any delinquent taxes, so the owners have that much advantage.

Courthouse News

District Court.
Judgment was entered Friday by Judge R. Howell in the case of Harry Ezell, Sr., guardian of the person and estate of Harry E. Ezell, Jr., a minor, vs. Hugh A. Drane, individually and as trustee, et al., whereby the defendant as trustee of the last will and testament of Dorothy A. Drane, deceased, shall take and retain possession and control of the First and Preferred Mortgage five per cent gold bond of the Texas Power and Light Company, maturing date, 1956, which bonds constitute the corpus of said trust estate, and further provided that the trustee shall undertake, perform and discharge the duties and obligations of the express trust as long as Harry E. Ezell, Jr., shall be entitled to same.

Roy Meadows, 17 years, recently sentenced to the state training school at Gatesville until 21 years of age as an incorrigible child by Judge Howell, Friday was transferred to Gatesville by Deputy Sheriff Jeff Spencer.

The appearance docket for the January term of the Thirtieth Judicial District Court will be called Tuesday morning at 10 o'clock by Wayne R. Howell, district judge.

The following have been summoned as petit jurors for the second week of the January term for the week beginning, Monday, January 8:

F. L. Bray, Powell; J. L. Coffey, August 1; Jim Davis, Dawson; E. E. Babers, Corsicana; V. D. Bruner, Kerens; Harry Bryant, Corsicana; C. E. Everett, Wortham; R. E. Harlan, Richmond; M. C. Caston, Corsicana; Jack Michaels, Dawson; E. E. Norwood, Corsicana; H. A. Roloff, Dawson; J. Thos. West, Roane; J. P. Shull, Dawson; J. T. Cavender, Corsicana; Cecil Putman, Dawson; J. H. Dunton, Corsicana; C. R. Slater, Frost; E. R. Stroder, Frost; D. E. Nettles, Streetman; E. R. Howell, Kerens; H. B. Butler, Corsicana; J. P. Lackey, Rice; C. M. Gordon, Corsicana; G. E. Howard, Purdon; R. H. Brown, Frost; W. W. Worthington, 2; J. E. Downing, Purdon; J. L. Baker, Corsicana; A. W. Mosley, Purdon; A. H. Bonner, Corsicana; Currie Mayo, Kerens; R. E. Peterson, Frost; J. P. Hollingsworth, Corsicana; C. V. Brethaupt, Corsicana; C. M. Brown, Jr., Richmond 1.

District Clerk's Office.
There were 448 civil and divorce cases filed in the district clerk's office during 1939.

The following cases were filed: The State of Texas vs. Georgia Grace Mullis, delinquent child. Billie Brown vs. Travis Brown, divorce.

Elmerine Hagie vs. Ellen Hagie, divorce.

Norma Frost vs. Bryan Frost, divorce.

County Clerk's Office.
There were 649 marriage licenses issued during 1939 in the county clerk's office.

Sheriff's Office.
One was transferred from the police department to Deputy Sheriff Jeff Spencer on a charge of swindling with worthless checks.

One charged with intoxication was transferred to Deputy Sheriff Jeff Spencer from the city police department during the week end.

Warranty Deeds.

Justice Court.
Oen was fined on an intoxication charge Monday morning by Judge A. E. Foster.

**Million Persons Saw
Big Pasadena Parade**

PASADENA, Calif., Jan. 1.—(AP)—A million persons gathered today to watch the 51st renewal of Pasadena's famed Tournament of Roses.

Sixty elaborate floats, covered with millions of flowers, were rushed to completion during the night by weary workers. The weather bureau said rain was in the offing, but probably would not arrive before daylight.

MEMPHIS MAYOR RESIGNED AFTER DIRECT CIO SLAP

**RESCINDED INVITATION FOR
NEWSPAPER GUILD TO MEET
IN MEMPHIS AND QUILTS**

MEMPHIS, Tenn., Jan. 1.—(AP)—On a railroad platform 20 minutes after midnight, became Mayor H. Crump, mayor of Memphis today, resigned five seconds later after rescinding his invitation to the American Newspaper Guild to hold its 1940 convention here next June.

Crump, fiery political overlord here for three decades, said his action was aimed at the CIO, of which the guild is an affiliate, and at Watkins Overton, mayor of Memphis the past 12 years and with whom Crump broke last year over municipal purchase of local utilities.

Local guild officials said Milton Kaufman, executive vice-president of the guild, assailed Crump's action as "undemocratic" and said it would not change their plans to meet in Memphis.

"I have always believed in fair organized labor and my records speak for me, and I am opposed to CIO," Crump said in a statement issued prior to his inauguration.

"If CIO could entrench in Memphis, this city would go back ten years."

Kaufman, in New York City, said that "if Memphis is more than boss Crump, then the guild will meet in Memphis."

"The guild is meeting there at the invitation of working newspapermen who have," he asserted, "These men are members of a CIO union which is promoting and defending democracy in this country. Perhaps this fact explains his attitude."

Before resigning Crump, advised city council to elect Rep. Walter Chandler (D-Tenn.) in his place as mayor.

JACKSON DINNER

(Continued From Page One)
politics surrounded by a theoretical party neutrality is foreign affairs. The world situation makes that a timely subject. Moreover, it is the one on which democrats probably can come nearest to uniting.

But it puts the invited republicans in a hot spot. Whichever way they jump may be wrong. Popular reaction to their refusal would be hard to figure. Yet they can point out that the invitation came from a party official—not from the president, himself.

It does not say, specifically, that the president is going to talk about foreign affairs.

The presidential stock of Senator Wheeler (D-Mont.) stands high at the moment.

Some of those who figure heavily in behind-the-scenes democratic maneuvering in Georgia are speaking of a ticket of Wheeler and James A. Farley if Mr. Roosevelt does not run. They doubt that the President would support Vice-President Garner, they call both the vice-president and Secretary Hull too old, and they figure that National Chairman Farley will be strong enough at the convention.

Crump said that he would erase the name of Paul V. McNutt from any ticket.

FIRE DEATHS

(Continued From Page One)
shot daddy with a big gun. "Mother ran to the yard for help. She got to the back porch and they shot her too."

Her body was found near a doorway. The father and child were in the ruins of two beds.

James said the men began oiling the place.

He was in the "front room" He snatched up his one-year-old brother, Billie Don, and ran for help. The baby in his arms, he sought first news of the tragedy to Fort Towson, a mile from his home.

Neighbors and friends were at a complete loss for any motive back of foul play. They didn't have an enemy in the world," was their unanimous opinion.

However, one neighbor recalled that two strange men had slept Saturday night in a barn a quarter of a mile from the Rogers home.

Roy Deering, another neighbor who lives within "calling distance" of the Rogers home, said he heard no shots last night. He had been asleep.

He looked out about 8 o'clock and saw no light but 15 minutes later his boy called to him that the Rogers house was on fire.

Two cracks were visible in the skull of Mrs. Rogers. Some theorized that they may have been caused by sudden cooling when water was thrown on the embers of the house.

Rogers was described by friends as of a despondent frame of mind lately. He had been unable to find steady employment. The family came here about a year ago from Idaho.

Surviving Mrs. Rogers are her father, E. O. Colclasure, of north of Ardmore; a sister, Mrs. Cecil Latimer of Detroit, Texas, and seven brothers, William and Jack Colclasure at Fort Sam Houston, Tex., Vernon of Fort Towson, and Gibson, Eugene, Jasper and Joe of north of Ardmore.

Rogers is survived by father, Will Rogers of Idabel; two brothers, Robert of Idabel and Archie of Ardmore, and two sisters, Mrs. Gibson Colclasure, and Mrs. Knit.

TACOMA

(Continued From Page One)
charged to a tug baggage which presumably belonged to the crew. Some of the men had been put ashore beforehand, and the number remaining aboard was not disclosed. One estimate said there were 60.

The German minister, Otto Langmann, was said to be drafting a protest to Uruguay against the ultimatum.

It was considered possible the 9,800-ton British cruiser Shropshire was somewhere outside the harbor. The Shropshire, a 32-knot ship, left Rio de Janeiro Friday morning, in ample time to have reached Uruguayan waters.

THE CORSICANA DAILY SUN DAILY PATTERN

4189

SLIM COTTON PRINCESS FROCK

PATTERN 4189

by Anne Adams

Every vivacious inch of Pattern 4189 has been carefully planned by Anne Adams to take away from your width and give you proud height. Those unbroken princess lines make your figure look like a flash to stitch up, too. Cut the two side-front panels and the back panel effectively on the bias. You'll find the neck-to-hem front buttoning a real blessing, for it lets you in and out with fireman speech and makes for speedy, flat ironing. The sleeves may be straight or with novelty openings. And just see the attractive shape of the collar—it wouldn't it look fresh and pretty made of snow-white?

Pattern 4189 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 5½ yards 35 inch fabric and ½ yard contrast. Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainly size, name, address, and style number.

"Now is the time to prepare for spring," says Anne Adams about her New Spring Pattern Book which is now ready for you to order. It's alive with attractive styles including a youth corner for tots, teens and twenties, evening belle flocks, spring bridal finery, carnival and party frocks, and more. You will even find balanced styles for scale-tipping matrons and charm shop suggestions for forty-plus.

The book, if fifteen cents but when ordered with a pattern, which is also fifteen cents, the two together are twenty-five cents.

Send your order to the Daily Sun Pattern Department, 243 West 17th St., New York, N. Y.

STAR DALLAS GIRLS BASKETBALL TEAM TO BE HERE WEDNESDAY

The Hornet basketball team, an undefeated girls' aggregation of Dallas, will meet an all-star girls' team from the Dr. Pepper girls' club in a doubleheader on the local YMCA court Wednesday night.

The Dallas combination is led by former Navarro county high school star Josephine Watkins and Dean Minatra, and its entire line-up features all-state and all-district players. The Hornets, by virtue of seven consecutive wins now lead the Dallas city girls' league.

Opposing this formidable Dallas team is a team of Navarro county all-stars as selected by C. F. Broughman, Y. M. C. A. physical director. They are Elsie Durbin of Rice, Norma Frost of Currie, Letha Braddock and Jo Christman, both of Kerens; Lola Varnell of Powell, Lathern Cochran of Rice, Glynnel Reed of Frost, Joy Horn of Emhouse, and others.

The Dr. Pepper girls will open the playing at 8 o'clock with the all-star game immediately following. The Dr. Pepper team is composed largely of former Navarro high school players. The club will be led by two all-district players, Jo Doolin and Jerry Marsh.

FINLAND

(Continued From Page One)
come of the battle which raged through Friday and Saturday—perhaps the greatest upset of the 32-day-old war, except the war itself.

However, the grim joy in this triumph over part of the vast army of invaders on or within Finland's frontiers was tempered by reports from southern and western cities caught in the sweep of Russian bombing planes.

It was announced that 14 civilians were killed in an air raid on Jyväskylä, 170 miles northeast of Helsinki. The capital itself was quiet today, without air raid alarms.

Apparently hardest hit in the air attacks was the western coastal town of Vaasa, on the Gulf of Bothnia, where 24 to 30 planes dropped more than 100 bombs in four raids within an hour yesterday.

HELSINKI, Jan. 1.—(AP)—President Kyösti Kallio in a New Year's message today appealed to friends of Finland for active assistance at the front, the only place where schemes of ruthless aggressors can definitely be put to naught.

Kallio expressed gratitude for many gifts and offers to help resist the Soviet invasion and said "volunteers have come forward in many countries, ready to join the ranks of our defenders."

"Soon the enemy will be making the acquaintance of determination of these volunteers, inspired by the same love of liberty which inspires our fight," the president said.

He gave thanks for contributions "from our nearest neighbors"—the Scandinavian nations.

**County Agents Will
Be Speakers Tuesday
At Lions Luncheon**

A very interesting program has been arranged for the regular weekly meeting of the Lions Club for Tuesday noon at the Navarro Hotel, with County Agent H. C. Robinson and Assistant County Agent A. P. Bralley as the speakers. An award will be made to A. T. Smith, Jr., for his outstanding work as a club member in the program of beef cattle feeding. His father, A. T. Smith, will be a guest.

The program for Tuesday, the first since the holidays, has been arranged by Richard W. Knight, manager of the Chamber of Commerce, assisted by F. H. Harvey, chairman of the program committee for Tuesday. Travis Pullum is the other member of the Tuesday program committee.

FEDERAL OLD AGE SECURITY PROGRAM EFFECTIVE MONDAY

WASHINGTON, Jan. 1.—(AP)—The federal old age security plan, rated as the world's largest insurance system, went into full operation today to provide death and lifetime retirement benefits for elderly workers, their families and survivors.

Some of the 47,000,000 persons covered by the system who are 65 or older today may begin drawing the first monthly benefits of a vast project established by congress in 1935.

Their retirement will begin to count with the month of January, and annuity checks for retired workers and their wives or widows over 65 will reach them about Feb. 1 and each month thereafter.

It was estimated 900,000 men, women and children would share in more than \$100,000,000 in old age benefits this year.

The primary benefits for insur-

ed workers are based on their average monthly wage since Jan. 1, 1937. Benefits for wives, widows and children consist of fractional proportions of this sum. Wives and children are entitled to monthly payments equal to half the wage earner's benefit, and widows get three-fourths of the primary sum.

In the three years of preparation for the pay-off, the government has collected in excess of \$1,460,000,000 in payroll taxes to establish a reserve fund. The employee and employer each were taxed 1 per cent on the employee's wages.

Some of the 47,000,000 persons covered by the system who are 65 or older today may begin drawing the first monthly benefits of a vast project established by congress in 1935.

Their retirement will begin to count with the month of January, and annuity checks for retired workers and their wives or widows over 65 will reach them about Feb. 1 and each month thereafter.

It was estimated 900,000 men, women and children would share in more than \$100,000,000 in old age benefits this year.

The primary benefits for insur-

der government programs, just as the protection afforded other industries by means of import tariffs does not appear as an expenditure of federal funds."

Crop control officials want particularly to obtain adoption of the certificate program at the coming session of congress. It would avoid the necessity of their appealing to each succeeding congress for the money needed to make parity payments. These officials believe it might be more difficult to obtain such appropriations after the 1940 election.

DRAWING POWER OF PUBLIC SCHOOLS AND COLLEGES INCREASE

ENROLLMENT OF 1,352,555 PUPILS IN TEXAS PUBLIC SCHOOL SYSTEM

By WILLIAM E. KEYES
AUSTIN, Jan. 1.—(AP)—The drawing power of public schools and state supported colleges continued upward in 1939.

Financial aid from the state placed the growing enrollment. Significant in the public school system was an enrollment of 1,352,555 pupils, a decrease of 1.1 percent from the previous year. The enrollment in the public schools, however, was not a reflection of the total population. Furthermore, enrolled students attended school more regularly. Average daily attendance reached 97.144, a gain of more than 97,000 over four years ago. The average school term was 170 days.

Dr. L. A. Woods, superintendent of public instruction, attributes the growing educational attendance partly to these conditions: Establishment of an enriched curriculum, especially in the Junior High school which closes a gap between elementary and Senior High schools.

Introduction of the 12-year plan in many schools.

Extension of vocational training. A new technique which has displaced the old totalitarian schoolroom under hickory tree formalism.

At the per capita apportionment law which removes somewhat the harassment of financial burdens upon administrators. The statute approved at the last general session of the legislature indicates \$8.50 will be paid for at least several years.

Texas generally have become school conscious.

Equalized Education. Real progress in equalizing educational opportunities. The legislature appropriated \$13,651,654 for equalization in the biennium beginning this year.

Better teacher preparedness. About 40 per cent of common district instructors and 80 per cent of independent district teachers hold degrees. Average teacher pay is nearing \$1,100, compared with \$1,091 a year ago and \$1,091 the previous year.

In the higher brackets of learning state supported colleges registered more students and expanded their services.

To the commonwealth's 16 colleges and universities and their allied activities the legislature allotted more than \$8,500,000 annually for this and next year.

The University of Texas came under administration of its 12th president, Dr. Homer P. Rainey who set up plans for a new era embracing expansion of the graduate school, encouraging more consideration for Latin-American affairs and generally to make the institution serve all Texans.

County Judge. In another place in today's paper will be found the formal announcement of Donald Marr as a candidate for the office of county judge, Navarro county, subject to the action of the Democratic primaries.

Mr. Marr has been a resident of Navarro county since 1904. He is a married man and the father of two children. He started the study of law at the age of 35, studying at home and attending Laverne Summerfield at Dallas. He successfully passed the bar examination at Austin June, 1937, and was issued a license to practice law by the Supreme Court of Texas August 25, 1937. He also attended the Corsicana public schools and the West Texas Military Academy at San Antonio.

His first job was a printer's devil. Mr. Marr has also worked as a court hand on a Demmitt county ranch, was a traveling salesman as well as working as a delivery boy. He was connected with the Marr Printing Company until 1931 when he resigned to engage in the oil business. For the past two years he has been actively engaged in farming and stock raising. Several years ago Mr. Marr organized the Corsicana Publishing company and was editor of the Corsicana Star Chronicle for a short period.

The voters of Navarro county are respectfully requested to give Mr. Marr's candidacy serious consideration when they cast their ballots for county judge in the democratic primaries.

(Political Advertisement)

County Treasurer. I wish to take this means of informing the voters of Navarro county of my formal announcement as a candidate for the office of treasurer of Navarro county subject to the action of the democratic primaries.

I was a candidate two years ago for this office and although I was defeated I wish to thank the voters for their support and assure all my friends that I deeply appreciate their efforts in my behalf. I have lived in Corsicana twenty-two years and have been blind eight years. I am only asking for this office for one term.

At this time I respectfully request your continued support and when you cast your ballot for the office of county treasurer any consideration you may give my candidacy will be greatly appreciated.

JOE E. (BLIND) DANIEL

HEALTH, BEAUTY AND POISE

By VERONICA DENGEL

YOUR NAILS.

Has it ever occurred to you that between manicures it is a good plan to go over the cuticle of your nails with a cuticle remover? This will remove any little rough edges that might become troublesome, and your manicure will last longer and keep its trim appearance for several days more. And have you found out that cuticle remover is excellent for eradicating stains on the fingers? Vegetable stains—and nicotine stains (although I hope you would never be guilty of smoking so much that your fingers would become discolored) will disappear with the use of the remover. Many girls who work in offices and use a pen a good part of the time, have dark stains on the second finger. These should be carefully wiped away before going out at night. Never carry the evidence of your occupation of labor when you go out on pleasure jaunts. Keep a tiny bottle of remover in your week and use it.

their hands clean, and are not at all hesitant about going over the cuticle of their nails, too. And as needed, I know a number of men who have found such preparations very helpful in keeping why not, a well groomed man would not neglect the care of his hands any more than would a woman.

Wrap an orange wood stick in cotton and dip into the remover. Gently press the cuticle back from the nail, and if stubborn edges refuse to come off, clip them away. But don't on the whole, ever cut the cuticle. This habit is antiquated, and only causes additional rough spots which are always hard to banish.

All requests for personal "Health and Beauty and Poise" information should be accompanied by a fully self-addressed, stamped envelope. (S.M.S.) Address: Veronica Dengel in care of this newspaper.

LOCAL RAINFALL IS BELOW AVERAGE DURING YEAR 1939

APRIL AND SEPTEMBER BOTH USUALLY WET MONTHS, EXTREMELY DRY

Rainfall in Corsicana in 1939 was 21.99 inches, 4.47 inches less than the average annual rainfall of 26.46 inches. The difference was probably accounted for by the extremely light rainfall in April and September. Several inches of rain usually fall in April but in 1939 only .39 of an inch fell. Even less rain fell in September when only .32 of an inch was recorded.

In all other months last year the rainfall was about an average. The rainfall by months follows:

January 4.74 inches, February 4.18, March 1.02, April .39, May 2.02, June 7.78, July 1.85, August 1.44, September .32, October 1.57, November 2.48 and December 2.80. Somewhat of a record was set for rain in June. Rain started falling shortly after midnight on the morning of June 10 and by 7 o'clock, when the government gauge is read, 1.52 inches had fallen and by 1 o'clock in the afternoon 4.30 inches more had fallen, making a total of 5.82 inches within 12 hours.

The annual rainfall for the past six years follows: 1934, 26.46 inches; 1935, 45.06; 1936, 33.80; 1937, 30.66; 1938, 29.38 and 1939, 21.99.

Navarro Encampment To Install Officers

Formal installation of officers for the ensuing term will be held at the F. O. C. F. Hall Monday night at 7:30 o'clock for Navarro Encampment No. 44. A banquet will be held following the installation ceremonies. All members are urged to be present.

W. S. Bingham will be installed as chief patriarch, succeeding W. J. Seelig.

Sheriff. In another section of this newspaper will be found the formal announcement of C. O. (Cap) Curington as a candidate for re-election (second term) to the office of sheriff of Navarro county, Texas, subject to the action of the Democratic primaries.

Sheriff Curington promises if re-elected to continue the courteous and efficient enforcement of the laws, and to continue as in the past of serving all the people. (Political Advertisement.)

County Clerk. To the Citizens of Navarro County, Texas:

In another section of this paper you will find my formal announcement for re-election to the office of County Clerk, Navarro county.

It has been my purpose to serve the citizenship of Navarro county to the best of my ability during the year of 1939. I have enjoyed my work and believe that I have rendered the kind of service that you expected of me when you honored me with your vote in 1938. Your continued support is most earnestly solicited for the coming primary election.

Thank you.
LUDIA REED.

Huge Turnips Grown In Drane Garden

A. J. Horton, who lives on the Drane road west of the State Home, brought two exceptionally large turnips to the Daily Sun office Saturday afternoon. Each turnip measured two feet in circumference. They were as firm as the usual size turnip.

Justice of the Peace, Precinct 1, Place 1

The formal announcement of A. E. Foster as a candidate for re-election to the office of justice of the peace, precinct 1, place 1, subject to the action of the democratic primaries, will be found in another section of this newspaper.

Judge Foster's friends point out that if he is re-elected, the same courteous, efficient and honest administration of the affairs of that office will be continued.

Your earnest consideration and support is respectfully solicited. (Political Advertisement)

Criminal District Attorney

To the people of Navarro County:—

I briefly herein submit my candidacy for a second term as Criminal District Attorney of Navarro County, subject to the will of the people as expressed at the Democratic primaries.

In my announcement for Criminal District Attorney in 1938 and throughout the campaign, I made the following statement: "If the people see fit to elect me Criminal District Attorney, I have but one promise to make, and that is to give my entire time and undivided devotion to the office in an honest and efficient manner with the utmost respect for the rights of all men, whatever their station and circumstances in life, and at the least possible expense to the taxpayers."

The people of Navarro County, by a large majority, honored me with the office. I deeply appreciated the support of my many friends and I have constantly endeavored to keep my pledge during the year that I have been Criminal District Attorney.

In announcing my candidacy for a second term, I would like to repeat that pledge. I feel that the experience which I have gained thus far will enable me to serve the cause of law enforcement even more effectively in the future than in the past.

I point with pride to the fact that material progress has been made in the clearing of the criminal dockets of both the district and county courts. Believing that my attention should be given first to cases arising during my administration, I have given such cases priority, but I have also tried and secured convictions in a large number of cases which were on the dockets when I entered the office.

Law enforcement in its last analysis depends upon public opinion and upon the men who serve as jurors. I wish to express my appreciation to the many men who have served as jurors in criminal cases during 1939. As a result of their judgment, there was no acquittal in the District Court with the exception of one verdict instructed by the court for lack of corroborative evidence. In the County Court there was only one acquittal.

I shall be glad to have the people of Navarro County investigate my record during 1939. I am deeply indebted to them for their past favors, and I shall sincerely appreciate their continued support for a second term.

Respectfully yours,
CHARLES T. BANISTER.
(Political Advertisement)

Assessor and Collector.

To the Voters of Navarro County:—

I wish to announce myself as a candidate for the office of Tax Assessor and Collector of Navarro county.

It has been my privilege to serve as city assessor and collector for some years, and I have a deep consciousness that this service has been pleasant and satisfactory to the citizens of Corsicana.

I feel that I have gained much necessary knowledge and experience in this capacity that would enable me to operate the county office in an efficient manner.

If you should be so kind as to elect me to this office I pledge you that I shall ever be mindful of the fact that the office is yours and only mine to maintain. It will be my grateful pleasure to give its owners every courteous consideration within my power.

For your information as to my antecedents, both my paternal and maternal parents were pioneers of this county, who for two generations lie buried in Hamilton-Beaman cemetery. I have lived all my life in this county, and I invite your inspection of my record and of my reputation.

I made the race for this office four years ago, and after waiting for Mr. Foster's second term to end, I again say, "our vote and influence will be appreciated. Wishing for each and every one of you a very happy and prosperous New Year."

J. M. PUGH.
(Political Advertisement)

Commissioner Precinct No. 4.

I hereby announce as a candidate for re-election to the office of County Commissioner, Precinct No. 4, Navarro county.

To the voters of this precinct already known that we have been operating under the heavy handicap of the overhanging indebtedness, inherited from the former administration to the amount of approximately \$4,200.00. I am glad to announce that this has all been paid, and in addition we have bought and paid for two motor graders and one Diesel tractor. This new machinery was bought this year, and the precinct is clear of indebtedness. With this first class equipment on hand, your commissioner will be able to service all roads more quickly when needed, and more economically all over the precinct.

From a financial point of view the duties of your County Commissioner is of first importance to you. It will continue to be my steadfast purpose to conduct the affairs of this office in an efficient and honest manner. To this end I pledge you my very best efforts and I solicit your vote and influence.

N. (Joe) GEORGE.

IMPROVED BUSINESS CONDITIONS TO HELP COMING CONGRESS

BELIEVED UNEMPLOYMENT LOAD BE LESSEND AND NEW TAXES UNNECESSARY

By H. R. INGRAHAM
WASHINGTON, Jan. 1.—(AP)—Improved business conditions may help Congress solve some of the most important problems facing the session beginning Wednesday.

Congressional leaders expressed belief that the general economic situation could materially lighten the unemployment relief load and ease the pressure for new or higher taxes.

Their contentions were bolstered by an increase in estimated Treasury Department revenue for 1939, predicted for this year to about \$6,200,000,000, a jump which would help hold the prospective deficit to between two and three billion dollars.

Speaker Bankhead has suggested that higher prices for farm products might make it unnecessary for Congress to appropriate for parity payments to farmers—a current subject of controversy between the lawmakers and Mr. Roosevelt.

Nevertheless, other pressing domestic issues, complicated by international problems, are expected to overshadow the election campaign, foreshadowing a stormy and possibly prolonged session.

Bankhead told reporters it virtually was inevitable that, under the pressure of a presidential campaign, administration opponents would press their causes with a maximum of debate and parliamentary maneuvering.

After President Roosevelt delivers his annual message in person to a joint session Wednesday afternoon and submits his budget message on proposed expenditures on Thursday, the house will be ready to work at most immediately on several of the major appropriation bills.

Before the session is a week old, however, the house is expected to become involved in the bitter, long-standing controversy over anti-lynching legislation.

Indications are that the senate having no holdover business, will use its time for anti-lynching legislation and possibly take periodic recesses until the house sends in some work.

FUNERAL SERVICES MRS. C. M. PEABODY WERE HELD MONDAY

Funeral services for Mrs. C. M. Peabody, aged 67 years, who died at the family residence, 501 East College avenue, Exall Heights, Saturday night, were held Monday afternoon at 1 o'clock from the Northside Baptist church. The rites were conducted by Rev. S. R. Goff, pastor of the church. Interment was made in the Dresden cemetery.

Surviving are her husband, C. M. Peabody, Corsicana; five daughters, Mrs. S. M. Scull, Eldorado, Ark.; Mrs. E. A. Evans, Shreveport, La.; Miss Ruth Davis, Corsicana; Mrs. J. C. Dozier, Tom Ball, Texas; and Miss Gracie Peabody, Corsicana; and a son, Cloyd Marion Peabody, Corsicana.

Funeral services were held for Robert Nelson, Mickey McBroome, Elbert Beasley, Ray Martin, Jess Speed and William Borden, Corsicana, and C. F. Overby, Fort Worth.

Corley Funeral Home was in charge.

Funeral Rites Held Sunday For Infant

Funeral services for Bobbie Leon Borden, two-day-old son of Mr. and Mrs. Dave Borden, 1121 West Elm, were held Sunday afternoon at 3:30 o'clock at the Zion's Rest cemetery where interment was made. The rites were conducted by Rev. S. R. Goff of the North Side Baptist church.

Surviving are the parents, four brothers and sisters, Martha Lee, Wm. F., Glen Inez and Marion David Borden, all of Corsicana, and grandparents, Mr. and Mrs. W. M. Borden, Corsicana, and C. F. Overby, Fort Worth.

Corley Funeral Home was in charge.

John T. Kyser to Assume Duties As AAA Committeeman

John T. Kyser of Kerens will assume his duties as a member of the Navarro county agricultural committee in charge of the governmental farm program Tuesday. He succeeds T. M. Sewell of Blooming Grove. Other members of the county committee are Roy R. Keeling, Currie, chairman, and R. V. Davis, Dawson, who were re-elected at a meeting convention of delegates from the various communities of the county.

Conveniently Practice Economy!

You are not helpless against rising wartime prices. Rent Lockers now and fill with meats, poultry and other merchandise. You may rent these lockers in advance of the quarterly in advance. Your neighbor what benefits he receives from the use of the Locker System with its complete service market.

Walker's Frozen Food Locker System

210 East Fourth Avenue
Corsicana, Texas

CENSUS OFFICIALS

William J. Stringer of Teague (left), and Isaac B. Carrico of Hillsboro, after holding a school of instruction in Corsicana during the last week to train enumerators for taking the census, are sending their workers out for the first time Tuesday. Stringer is supervisor, Carrico assistant supervisor for District 6 with headquarters in this city for eight counties, stretching from Ellis to Brazos. A census of business and manufacturing, authorized by the United States government, will be taken first. Census of population and agriculture will be taken in April.

PROSPECTS FOR ROSY 1940 FOR KING COTTON APPEARED BRIGHT AS HECTIC TRADING YEAR ENDS

By EDWARD PAGNAC
NEW ORLEANS, Dec. 30.—(AP)—Prospects for a rosy 1940 greeted King Cotton as the southern monarch closed the books today on one of the most hectic trading years since the golden twenties.

War, predictions by agricultural and trade officials that an "artificial" shortage of the American grown fiber would result next spring and increased interest of foreign sources in domestic markets combined to make 1939 memorable in trading circles.

During the first six months of the year, future and spot markets were oppressed by a government-held loan stock in excess of 11,000,000 bales and prices moved narrowly and towards lower levels.

After the beginning of the 1939-40 cotton season August 1, markets here and in New York gathered momentum up through September when Great Britain and France declared war on Germany.

Domestic shippers feared that higher insurance rates, coupled to a shortage of ship space as a

result of the United States neutrality law, would bring about a dearth in foreign commerce in cotton.

But the administration's export subsidy program, which went into effect July 27, made attractive for foreign consumers to purchase cotton in American markets. The barter agreement between the United States and Great Britain accounted for approximately 600,000 bales of the domestic surplus.

Approximately 6,759,000 bales were used in American consuming establishments during 1938 but this figure is expected to be exceeded by about a million bales in the 1939-40 period.

Experts predicted that shipments this season would total more than 6,000,000 bales, approximately 3,000,000 bales above the previous season's shipments.

A long war in Europe naturally would heighten the demand for American cotton, trade sources said.

Top prices reached about 11 cents per pound.

The year's closing quotations were from \$9.85 to \$13.45 a bale above the final prices last year.

No accidents were reported in Corsicana and vicinity over the week-end, according to a report of twelve traffic fatalities compared with twenty-two for 1938.

Business was at a standstill in the city Monday as most establishments were closed for the day.

FARM REVIEW

(Continued From Page One)
The Corsicana Livestock and Agricultural show last fall, in addition to the fine herds exhibited by the ranchmen and farmers of the county nearly 200 boys had fine cattle and hogs on display.

The diversification program not only calls for the increase in production of feed and livestock, but for the general improvement of the farm. Terracing and other methods of prevention of soil erosion are being practiced in all sections of the county, pastures are being enlarged and improved and ways of caring for the feed crop are being devised. The trench also is rapidly becoming one of the leading ways of caring for the feed.

Future Farmers of America clubs have been organized in all sections of the county and it is through these and like organizations that the boys and young men of the county are being taught the finer points of livestock raising and farming. So great has become the interest in this type of work that A. P. Bralley has been employed as an assistant county agent to assist with the work.

Demonstration Clubs
Home food supply is the main project for 1940 for the Home Demonstration clubs, Miss Clara Bettiger, agent, has announced. She said there were 33 clubs with a membership of 366 women in the county and eleven 4-H clubs with a membership of 272.

The women are studying the raising of poultry, raising of food of food supplies. The girls are studying gardening, production and preservation of food and in addition are learning dress making.

Taken as a whole the farmers of the county were never more active in a general program of diversification and improvement than they were in 1939 and 1940 promises to be a continuation of the effort to improve farming conditions.

The program was outlined and the allotment of acreage was made in time for the farmers to make definite plans for the ensuing year. The program is proceeding along those lines.

Much farm work has already been done. Fall grains were planted about on time and are looking fine. Recent rains have assured moisture enough to keep them growing and but land in line shape for further planting and preparation.

CENSUS

(Continued From Page One)
district's entire retail, wholesale and manufacturing operations can be obtained from the census.

Enumerators to begin work in the business and manufacturing division, Tuesday, Jan. 2, as announced during the week-end.

Navarro county: J. E. Christian, Rice, and Hoyt Slater, Frost. Ellis county: C. R. Youngblood, Avalon, and C. A. Reynolds, Ennis.

ROBERT FECHNER, DIRECTOR OF CCC ACTIVITIES, DIES

WASHINGTON, Jan. 1.—(AP)—Robert Fechner, who put depression-fighting work rebuilding America's forests and parks in the CCC, is dead.

President Roosevelt said he had brought into public service "great administrative ability, vision and indefatigable industry."

Fechner, who died yesterday at 63 from a complication of heart and lung ailments, had formed the forest army of unemployed young men and women veterans in the early days of the New Deal.

In the seven years that the corps has fought forest fires, reforested lost mountain climbers, aided flood sufferers and those made homeless by tornado, about 2,400,000 men have served in its scattered camps.

Fechner, former vice president of the Association of Machinists, had been a "boomer machinist" in his day, working at mines, smelters and plantations through Mexico, Central and South America. He worked for a time on the Panama Canal.

Because he served with the Second Georgia Infantry during the Spanish-American war, he will be buried to rest in Arlington National Cemetery.

Born in Chattanooga, Tenn., March 22, 1876, he left public school at 15 to sell periodicals, notions and canned railway trains. His widow is the former Clara Dickey of Clinton, Iowa. A sister is Mrs. Walter E. Coney of Savannah, Ga.

Flags at Half Mast.
FORT WORTH, Jan. 1.—(AP)—Flags of the Civilian Conservation camps in North Texas flew at half mast today in observance of the death of Robert Fechner, 63, director of the CCC since its inception.

Lieut. L. L. Manly, adjutant of the 10th Cavalry, said the flags would remain at half mast until after funeral services for Fechner.

Whistles, Bells
Fireworks Usher
In New Year 1940

Whistles, bells and fireworks sped the old year away and ushered in the new in Corsicana at midnight last night as the noise the occasion passed without incident.

Church services, social meetings and other festive parties provided entertainment for the various celebrants.

No accidents were reported in Corsicana and vicinity over the week-end, according to a report of twelve traffic fatalities compared with twenty-two for 1938.

Business was at a standstill in the city Monday as most establishments were closed for the day.

Rites Held Sunday For Emery Pinter

Funeral services for Emery Pinter, aged 80 years, who died Sunday afternoon at 2 o'clock of the influenza, were held from the Church of the Immaculate Conception Sunday afternoon at 2 o'clock with interment in the Catholic cemetery. The rites were conducted by Monsignor V. Graffeo of the local parish.

A native of Petrovaszelo, Hungary, he had resided in America 41 years and in Navarro county for 20 years.

Surviving are his wife, Roane; three cousins, Annie Zekins, Corsicana; Mrs. John Bodner, Cleveland, Ohio, and Matthew Levi, Corsicana, and other relatives.

Funeral services were held for Frank Szennsi, Mike Szennsi, Sam Szennsi, Louis Szennsi and Pete Szennsi.

Corley Funeral Home directed the arrangements.

Kerens Students Returning Studies After Holidays

KERENS, Jan. 1.—(Sp.)—Kerens college students spending the holidays at home, who are returning to school, are returning to their respective schools, include:

From Texas University—Ann Talley, Johnnie B. Hemphill, Morris Lee, Lloyd, Zack Stockton, Alvin McGee, John Simmons, Van Simmons, Jean Johnson.

A. and M. College—Sam Garrett, Jerry Daniel, Corrie Dobbis, Franklin Wise, Luther Joe Westbrook.

E. T. S. C. Commerce—Kathleen Jennings, Keith Jennings, Clayton Johnson, Billy White, Dayton Carpenter, Denver Walker.

T. S. C. W. Denton—Frances McConner, Joyce Shelton.

Baylor University—Gerry Norton, Julia McConico, Robby Tubb, Kimmy Smith.

Mary Hardin-Baylor—Alene Ivey, S. M. U.—L. C. Conley, Owen N. B. S. C. Denton—Maxie Ben Seale, Almeda Jones.

Lon Morris, Jacksonville—Dolly Chapman.

Southwestern University, Georgetown—Clem Crowley.

Residence Damaged By Fire Last Night

Damage estimated at \$1,500 by the fire department officials resulted to the residence of Jimmy Foster, 1121 West Elm, about 7:10 Sunday night from a blaze of unknown origin.

A roof fire caused by sparks from a fire caused a run to 1506 West Twelfth and a Half Avenue about 8:50 Monday morning.

Corporation Court.
Five charges of gaming with cards, two of operating automobiles with defective mufflers, one of intoxication and disturbing the peace, one of vagrancy, two of intoxication, one of running over a stop sign, one of operating a car without a tail light, two of affray, and one of parking in a fire lane brought offenders into the Corsicana Corporation Court over the weekend.

One person was arrested on a charge of theft from person and another on an embezzlement charge by city officers over the week-end.

Number United States Businesses, Industries Broke Records 1939

By PAUL D. GESNER
NEW YORK, Dec. 30.—(AP)—A number of U. S. businesses and industries managed to break all past records in the year 1939, despite war and the lingering aftermath of depression.

Peaks were reached by such diverse groups as air transport, electric power production, and motor fuel output.

Electric power production for the year totaled around 128,800,000 kilowatt hours, the highest in history, and compared with 114,600,000,000 in 1938.

Production of steel ingots in October and November at 5,394,000 and 5,463,000 respectively, set consecutive new record monthly highs, eclipsing the 5,286,000 production mark for May, 1929, the former top figure.

Motor fuel (gasoline and blended benzol) output in 1939 at 596,111,000 barrels was also the biggest in history. A year ago it was 556,012,000 barrels.

Passenger car registrations in the United States at the end of the year were the new high figure of around 26,200,000, a gain of about a 1,000,000 over last year.

Telephones of the Bell system in use near the year-end totaled 16,287,762, the biggest hook-up the system has ever enjoyed.

New Airplane Record Set
Airplanes flew record mileages and carried record numbers of passengers. Passenger miles flown by were lines totaled around 880,000,000, a new high, and topped 1938 by about 40 per cent. Air express shipments numbered about 850,000 packages, another new high, and compared with 715,410 last year.

Plane production facilities expanded sharply and it's estimated plants now have equipment to turn out 1,250 planes a month, a record capacity.

Rayon consumption topped all previous marks at around 450,000,000 pounds, compared with 327,000,000 in 1938.

Shoe production established a new yearly high total at 417,000,000 pairs, contrasted with the previous peak of 415,227,000 pairs in 1938.

November consumption of cotton by domestic mills at 718,721 bales was the biggest for any November in history.

American Tobacco production in 1939 at 1,554,200,000 pounds topped all previous annual crops.

United States government bonds climbed to record high levels at mid-year.

Bank Assets, Deposits High
Bank assets and deposits soared to new peaks, and Chase National Bank of New York became the world's largest bank with resources of over \$3,000,000,000.

The nations monetary gold hoard expanded to a size beyond anything known before, exceeding \$17,600,000,000.

Production and consumption of plastics reached new heights. Coal tar and non-coal tar production in 1939 totaled 1,370,000 tons, compared with 1,300,000 in 1938, a gain of 35 per cent.

Consumption of chemicals in the final 1939 quarter was the fastest for any three months on record.

Leading mail order houses reported the biggest autumn sales in history.

United States exports of canned fruit during a record total of 3,898,000 cases in 1939 ended May 31 last, topping the previous high of 3,211,000 cases in the year ended May 31, 1938.

The miles of film used by camera enthusiasts exceeded all marks in the annals of photography.

On the railroads, freight trains moved faster than ever before, averaging around 405 miles a day, a new freight speed mark, and compared with 400 miles in 1938 and 247 in 1920.

Fairfield History Club In Christmas Program Dec. 21st

FAIRFIELD, Dec. 30.—(Sp.)—The History club home for a program on Christmas carols.

Mrs. J. E. Lott and Mrs. Leldon Du Fay were hostesses for the affair. The club reception room was decorated with pine and holly and beautiful Christmas candles.

Mrs. Hugh Bert Steward directed the following program: Prelude, "Return of Christmas"—Mrs. Steward.

Group Singing—"Joy to the World."

"Story of Silent Night"—Mrs. Joel Bonner.

Story of "Silent Night"—Mrs. W. R. Hall.

Group Singing—"O Little Town of Bethlehem."

The Soloists—Adams "Christmas Song"—Mrs. E. Seale.

Houston Girl Wins Chance For Fame In Hollywood Gateway

HOLLYWOOD, Jan. 1.—(AP)—The "Gateway to Hollywood" opened today to a Houston girl and a South Bend.

Josephine Cottle, 17, a brown-haired Texas high school senior and Lee Bonnell, 21, a tall, black-haired University of Indiana sophomore were adjudged the winners Sunday in the third "Gateway" series of Jesse L. Lasky, veteran producer.

Pretty Miss Cottle starts work Tuesday in the Gene Towne-Brown "Baker" production, "Tom Brown's Schooldays." Both won featured player or extra roles from RKO Studio. Their screen names will be Gail Storm and Terry Belmont.
